

106 York University

Effective September 3, 2000

Revised evening service

Service will be reduced on this route during the early evening from Monday to Friday, between 7:00 and 9:15 p.m. The service will change from every 9 min 30 s to every 15 min. At the same time, new early evening service will be operated on the 196 York University Express route, and the amount of service between York University and Downsview Station will be increased, because of the addition of the new express service.

Revised routing

Buses which leave service at the York University Common will be changed to remain in service southbound to the Sentinel Avenue/Finch Avenue intersection. This will allow customers headed for stops at the south part of the York University campus, including Seneca College, to remain on the bus, and not have to transfer to the following bus.

Service Change

Improved Fall Service will be implemented, replacing seasonal summer service reductions.
