#### How To Read Bus Route Numbers and Notes

A\* indicates that all branches run along that portion of the route. For example, 87\* indicates the presence of all branches of the 87, the 87A, the 87B.

A\* separates each branch in a route box where only some of the branches follow that portion of the route. For example, 87A indicates that the 87 and the 87A are present; the 87B is not. Alternatively, 87A.B indicates the presence of the 87A and the 87B, but not the 87B.

A yellow pointed box shows the direction of travel on Express and Rocket routes.
